CITY OF PADUCAH TAKES APPEAL IN TELEPHONE CASE

Will Fight East Tennessee
Company in Circuit Court
of Appeals.

Judge Evans Adjourns Fed-
eral Court.

ALDRITTON CASE DISMISSED.

Paducah was granted an appeal to the United States circuit court of appeals at Cincinnati by Federal Judge Walter Evans this morning in the suit against the East Tennessee Telephone company, which is operating without a franchise. The appeal is taken from the United States district court, in which a judgment was rendered several months ago by Judge Evans in favor of the telephone company enjoining the city from ousting it.

Attorney Hal S. Corbett appeared in court this morning and filed a petition for the appeal. Judge Evans approved a bond of \$250, ordered to be executed by the city. Exceptions were lodged in court later by Attorney Hal Corbett and James Campbell, Jr., who are counsel for the city in the action.

Aldritton Dismissed.

A motion to remand the suit of Elmer Aldritton, a young man of Mayfield, against the Illinois Central Railroad company for \$25,000 for the loss of a leg several months ago, to the state court, was overruled this morning by Judge Evans. Judge Evans then sustained a motion made by the plaintiff to dismiss the suit without prejudice. It is said Aldritton will bring suit for \$2,000 against the railroad. He was injured in the Illinois Central railroad yards, losing his left leg below the knee and sustaining a fractured right thigh. Representing him are Attorneys Robbins and Thomas, of Mayfield.

For the Defendant.

After giving the jury in the case of Henry Knight, administrator of Wright Knight, against the Illinois Central Railroad company, et al, peremptory instructions to find a verdict for the defendant, the jury retired and, returning, announced a verdict for the railroad. Exceptions were filed by the attorneys for the plaintiff and an appeal granted, 60 days' time being given in which to perfect the appeal. The action in the same suit, naming the Chicago, St. Louis & New Orleans Railroad company as co-defendant, was remanded to the federal circuit court. Knight sued for \$10,000 for the death of Wright Knight. He is represented by Attorney J. H. Wickliffe, of Wickliffe, Attorneys Robbins and Thomas, of Mayfield, represent the railroad company.

Tilley Gets Continuance.

Keeney Tilley, against whom an indictment was returned yesterday afternoon for retailing liquor without a license, was granted a continuance until next term and gave bond for his appearance. The case of Charles Trol, who was indicted for the same offense, was transferred to Louisville on motion of George Du Rabe, district attorney. Ed Kelley, indicted on the same charge, failed to appear in court this morning, at which time the case was set for trial and instead of forfeiting the bond, he was given privilege of executing a new bond for the next term of court.

Sam Davis, mate on the steamer Liberty, who sued the steamer for \$177 claimed due as seaman, was given judgment for \$160 and costs.

The case of Fitzgerald Litchford & company against the steamer Charles Turner for \$118.58 for supplies, was submitted to Judge Evans, who will hand down an opinion later.

The suit of Irvin Baker against the West Kentucky Coal company was continued until next term.

Mr. Muscoe Burnett, the newly appointed jury commissioner, to succeed the late T. J. Atkins, was sworn in at 9:20 o'clock by J. R. Puryear, court clerk.

In the suit of the Mayfield Woolen Mills Clothing company against William A. Fisher, et al, the bankruptcy of the plaintiff was suggested and an amended petition of O. C. Holt, trustee in bankruptcy, was allowed to be filed.

For the third time Mrs. Leoney Schraeder, who sued the Nashville, Chattanooga & St. Louis Railroad company for \$25,000 damages, lost, as the jury last yesterday afternoon rendered a verdict for the defendant. Mrs. Schraeder lost in the McCracken circuit court and also in the court of appeals at Frankfort.

Defendants Dismissed.

Yesterday afternoon a number of defendants were dismissed from the night rider suits. In the suit of C. W. Kueker against D. A. Adios, et al, the names of James Stone, P. O.

Chicago Firemen Arrive to Fight Flames in Mine at Cherry---Hope For Rescue of Miners Abandoned

PLOTS MURDER.

Kenneth City, Mo., Nov. 16. —Walter Schoonover, eleven years old, confessed in juvenile court he had frequently planned to kill his father and his step-mother. Today he was sent to a sanitarium. It is believed he is deranged. In his statement to the judge he said he had spells when he was unable to sleep, accompanied by a desire to kill his parents, though he loved them. He would enter their bedroom with a hammer, saw or other weapon, but his plans were frustrated by fear of his intended victims awakening. He said he once told a strange man his father had much money and plotted with the man and a couple of other children to murder his father and steal the money. He lost his nerve later. He cried at the prospect of parting from his father to go to the sanitarium.

MORE BARGES FOR WEST KENTUCKY

COMPANY AUTHORIZES CON-
STRUCTION OF FOUR HUN-
DRED BARGES.

Manager Hookwater, of the West Kentucky Coal company, returned from New York yesterday. While there the company authorized him to build another hundred barges at the local plant. This will make a total of 100. The construction plant is now turning out four a week and has made over 70 already.

BOND FILED FOR HIGH BUILDING

PALES CITY CONSTRUCTION COM-
PANY WILL UNDERTAKE
THE WORK.

The Falls City Construction company today filed a bond for \$50,000 with the City National bank as a guaranty that it will build the ten-story building for that institution. The contract calls for work to begin sometime in February, and is the final detail in the plans for the building.

Done With Baseball

Chicago, Nov. 16.—In a statement today former owner Hart, of the Chicago National League club, said he is done with baseball, and is not after the presidency of the National League.

Hartelso C. T. Smith, T. H. King and J. H. Groom were dismissed on motion of the attorneys for the plaintiff. The same defendants were dismissed from the suit of L. M. Wood against D. A. Amos, et al, while Smith, King and Groom were dismissed from the suit of Laura Toomey against D. A. Amos, et al.

In the damage suit of Andrew Patton against the Illinois Central Railroad company the court overruled the objections of the defendant to the filing of an amended petition by the plaintiff. Exceptions were taken by the railroad company.

Court Adjourns.

Judge Evans adjourned court at 10 o'clock this morning after speedily winding up all business coming up at this term. He with the other court officials left at 11:25 o'clock this morning for Louisville. The next session of federal court will be convened here in April by Judge Evans, at which time all the night rider suits, which were continued, will be called.

Pete Bulger Goes Acquitted.

Pete Bulger was yesterday acquitted on a charge of retailing liquor without a license. An error was made yesterday when it was said Bulger was found guilty.

Henry Pearson and Ern Dick, found guilty of selling liquor without a license, were fined \$100 and sentenced to 90 days in the county jail. On the same charge Jesse Heicher and Harriet Murrell were fined \$100 and sentenced to 30 days in jail upon confession. Similar cases against Tom Harris, John Thurmond, Ollie Gamble, Dick Seavers, Ed Kelley and Koney Tilley were continued.

Carbonic Acid Gas Will be Used to Extinguish Fire--- Disagreement as to Finding Heap of Charred Bodies.

Cherry, Ill., Nov. 16.—Chief Horton, of the Chicago fire department, and six firemen reached here early today with a special train, bearing 50,000 gallons of water, 5,000 feet of hose, chemicals and fire extinguishers. A hole was cut in the cover of the main shaft and a line of hose was dropped down in the hope of checking the fire that way. It is stated that men in charge will force carbonic acid gas down the shaft to check the flames. Miners say if this is done it will extinguish the fire and also kill all the miners still living in less than fifteen minutes. It is believed the chemicals will put the fire out and the flames may be checked by tomorrow, then will come the search for bodies. Inspector Webb denies that any bodies were found in the mine yesterday, but Manager Taylor, of the mine, says a heap of charred bodies was seen. It is hoped to remove the bodies by Wednesday though it may be Saturday before the work begins.

Four of the twelve rescuers, who lost their lives Saturday, were members of the Knights of Pythias. When the lodge met today to attend the funeral they found only fifteen of the former membership of 60. The others are entombed.

Eight of the twelve rescuers, killed in the cage Saturday, were hurried today amid pitiful scenes. Waiting women and children, some of the latter barefooted, followed the caskets. It is raining. The bodies were taken to Ladd, Fern, Spring Valley and other nearby towns. A miner, whose house is over the mine, says he heard a blast last night and believes it is a signal of men on the second level. Some miners declare it is not impossible that the men are alive, but the mining board officials think otherwise.

Coffins Ordered.

It was learned that three hundred coffins have been ordered—half to arrive today and half Wednesday. In the meantime several scores of nurses are being rushed here in anticipation of the work of reviving the injured and half-suffocated men. It is expected no one will be found who will be susceptible to resuscitation. Hope swung freely in the balance today. Before the fire blazed again the rescuers descended four times, and the rumor was circulated that the prisoners had been reached.

"They are alive!" cried their wives. "They will be brought up pretty soon."

But the rumor was baseless. The rescuers got down 30 feet to the bottom of the shaft and penetrated 150 feet into the bottom gallery. There nobody, dead or alive, was found and no response to their shouts was heard.

President Harding of the St. Paul railroad, caused a canvass of the homes to be made. This showed 256 miners missing, but some families were not at home and it is believed that the complete list will exceed 300.

Shaft Was Reopened.

This morning when the main shaft was reopened there was little smoke causing hope that the fire was smothered. President Newsam, of the state mining board conferred with Mine Examiners Taylor and R. Y. Williams, and others, who appeared in oxygen outfits and helmets ready to descend.

It was felt that when the recovery of the dead began difficulty would be encountered in preventing disorder and consequently an extra force of deputy sheriffs was sworn in. Addressing the deputies State's Attorney Eckhart said:

"I want you men to comprehend the feelings of these poor people and explain to them the necessity to perfect order."

"If any attempt is made to break through, explain in a gentlemanly way. Do all you can to dissuade them, and under no circumstances resort to violence or lose your temper."

The deputies were stationed around the enclosure walled with humanity.

Rescuers Descend.

"I am ready," said Inspector Taylor as he huddled on a helmet. Williams and James Webb stood prepared in shaft cage.

"Are the signals understood?" asked Newsam. His assistant nodded assent.

"Let her go," shouted Newsam. The cage was lowered to the bottom after a time the explorers with auto horns signalled for the ascent. The report thereupon spread that bodies

SUGAR OCCUPIES TIME OF CABINET AT THIS MEETING

Much Data Presented by Mes-
sengers at Request of
President.

Decide to Prosecute Without
Any Mercy.

PARSONS AND REYNOLDS TALK.

Washington, Nov. 16. (Special.)—At the meeting of the president and his cabinet today it was decided the sugar trust frauds should be prosecuted to the limit and no mercy shown.

Reynolds Disputes Parr.

James H. Reynolds, formerly assistant secretary of the treasury, and now a member of the new tariff board, declared there never had been any attempt on the part of the so-called "sugar trust" to influence any action of his, and no instructions had been issued to him having any object beyond good administration and fair dealing to all concerned.

Mr. Reynolds' statements were made as the result of publications that the treasury department, under the administration of President Roosevelt, displayed apparent indifference in procuring evidence of alleged "sugar trust" frauds, and that Richard Parr, a special agent of the department, in his investigations, had encountered obstacles from the outside.

Washington, Nov. 16.—Today's cabinet meeting is expected to devote most of the time to a discussion of the sugar scandal. Messengers brought well filled portfolios of data prepared by Wickersham and MacVeagh at the request of the president.

Representative Herbert Parsons denounces as false reports that Republican politicians of the New York customs house were removed in connection with the sugar cases. He says the only foundation for the reports was the reduction to rank of three G. A. R. veterans, workers, on account of incompetence. Regarding the rumor that he dominated the customs bureau, Parsons said he only secured three out of thirteen places, which was not even his proportionate share.

Dan Stuart Buried

New York, Nov. 16.—Dan Stuart, the "square spot," was buried today.

JOHN G. CARLISLE MAY NOW RECOVER

CLEVELAND'S SECRETARY OF
TREASURY SHOWS MARKED
IMPROVEMENT.

New York, Nov. 16. (Special.)—There is a marked improvement in the condition of John G. Carlisle. His doctors now hope for his recovery.

SMEDLEY ATTORNEYS MAY ASK FOR DELAY

An effort may be made to have a postponement of the Smedley trial, which is set for Thursday in circuit court. Judge John K. Hendrick, who is one of the attorneys, said that Attorney Sam Crossland is away and will not return until after the trial. The case will not go to trial this term unless the defenses were forced. He said the trial will be fought, despite the fact that there have been rumors to the effect that Smedley would plead guilty and ask the mercy of the court. County Attorney Allen W. Barkley said that the prosecution is ready for trial and will offer no delay.

The Weather

Forecast for Paducah and vicinity: Fair in west, rain in east portion tonight or Wednesday; colder tonight in west and central portion. Highest temperature today was 60 and the lowest was 49. Rainfall for yesterday and last night amounted to .59 of an inch. Today's rainfall will exceed one inch.

England Proposes Race to South Pole Between British and Yankee Expeditions Beginning Next Year

Americans Could Start From
Cape Horn and Englishmen
Follow Shackleton's Trail--
Suggest Peary Lead Party.

London, Nov. 16.—Captain Robert Scott, of the British navy, today outlined plans for simultaneous British and American dashes for the south pole next August. He wants to make a race of it and hopes Peary will take the American end. Americans could start from Cape Horn and strike the ice barrier near Grapam land. The English would reach the ice at McMurdo sound and follow the route taken by Shackleton.

Peary Corner in December Wheat.

Chicago, Nov. 16.—Besides the large amount of wheat purchased by shorts, considerable went into the hands of high class professionals in the way of investment. The Armour Grain company bought the December and sold the May in enormous quantities. This action was probably in the way of undoing a spread. The Chicago house bought December and Wire-Lochud bought that future. Finley Barrett took both December and May. Bartlett-Patten, Clement Curtis, Roberts, Wrenn and Elch were on both sides of wheat. The names of these big traders are given in order to place the average speculator on the right road. The buying was doubtless caused mainly on the fear that December wheat is virtually "cornered."

NARROW ESCAPE

EXPERIENCED BY MRS. MAGNOR
AND CHILD.

Buggy Upsets on Approach to Per-
kins Creek Bridge Near This
City.

Narrow escape from serious injury was experienced yesterday afternoon by Mrs. J. W. Magnor and her eight-year-old son Thomas, 1249 Trimble street, when their buggy turned over on the approach to the Perkins creek bridge. Fortunately no bones were fractured, but they were bruised by a fall into a ditch several feet deep.

Mrs. Magnor and son were returning from Cecil with Mr. Elwood Davis. The approach on the west of the bridge is narrow and there is a deep gully on the side. A wagon was crossing the bridge, and the buggy was pulled to one side of the road. As the wagon passed the buggy was caught and the occupants were pitched out and fell into the ditch. They were bruised about the body, but the injuries sustained by the fall are not serious.

FLORIST MAY LOCATE A
BRANCH IN THIS CITY.

Mr. T. L. Metcalfe, a florist, of Hopkinsville, Ky., is in the city today looking to the establishment of a branch agency of the flower business. He represents one of the largest growers in the world located at Chicago, besides owning 5000 feet of glass himself. He has branches throughout the south.

BITULITHIC WILL BE RE-SURFACED

All Paducah's bitulithic streets will be oiled next summer and thus freed from dust. The contractors who built the streets are in the city today and at the meeting of the board of public works this afternoon will make the offer that they be permitted to resurface all the bitulithic streets next summer, and coat them with oil and sand. The experiments they have made elsewhere have proven a great success and at their own suggestion they propose to treat the Paducah streets the same way.

Mrs. Sylvia Reynolds.

After a two weeks' illness of pneumonia Mrs. Sylvia Reynolds, aged 53, died yesterday afternoon at 2 o'clock at her home, 355 Ashbrook avenue. She was a widow and had many friends in McCracken and Ballard counties. The remains will be carried to Oscar on the steamer Dick Fowler tomorrow morning and buried there.

Marriage Licenses.

Monroe Shook, 30, of Brookport, riverman, first marriage, and Hattie Boll, 29, Brookport, second marriage.

MURRAY STRIKE.

Murray, Ky., Nov. 16. (Special.)—As the result of a strike in one of the grades of the Murray public schools, Miss Ella Hiett, of Benton, has resigned, and Prof. Lee Venable, a strapping big man physically powerful as he is mentally capable, is in charge of the room. The trouble arose, when after no little disturbance in the room of 60 pupils, Miss Hiett whipped a boy—whipped him hard, the pupils said. Then forty of them agreed to walk out and they did. The sympathetic strike worked better than the children anticipated. Miss Hiett left and a big man took her place. No more strikes are anticipated.

THIRTY MEMBERS OF COMMERCIAL CLUB AT DINNER

Thirty members sat down to the Commercial club luncheon at the Palmer House today at noon, at the third "get-together" luncheons of the club, and an interesting informal session was held. Judge J. E. Robbins, of Mayfield, Gus Thomas, of Mayfield, and Hon. Jake Corbett were present.

Several interesting communications with reference to propositions, on which the club is engaged, were up for discussion and action, and then President Utterback called on Mr. Jake Corbett, Mr. Hal Corbett and Judge Robbins, who made delightful talks. The next luncheon will be held on the first Tuesday in December.

The out-of-town visitors were much interested and pleased at the spirit that animated the meeting, and bespoke good things for the club as one of the fruits.

Those present were: President Utterback, Secretary Fowler, J. J. Berry, Roy Culley, Wallace Well, Earl Palmer, B. W. Cornelson, George McCandless, W. P. Hummel, H. A. Pether, J. A. Hudy, F. E. Roldhead, L. W. Henneberger, H. R. Lindsay, Richard Hudy, S. H. Caldwell, J. L. Wolf, Hal Corbett, Muscoe Burnett, J. T. Donovan, D. E. Hughes and E. J. Paxton.

In Circuit Court.

A verdict for \$114 was returned this morning in the case of Carroll L. Brunson against the American Patriots, of Springfield, Ill.

In the case of Willie C. Overstreet against the American Patriots the jury was dispensed with and the case was submitted to the court and judgment for \$1,000 was given.

The case of J. E. Johnson against E. Thompson & company was continued until the eighth day of the February term.

A verdict for \$1,574.30 was given yesterday in the case of S. P. Pool against Hiram Smedley, county court clerk, and his bondsmen, the Title Guaranty and Surety company. A mortgage on the Paducah Undertaking company was not cross indexed. It was alleged, and Pool purchased the property without knowledge of the debt, and he sued to recover. He was represented by Burns & Burns.

The docket for tomorrow is: Commonwealth of Kentucky against E. L. Hooper; Commonwealth of Kentucky against E. C. Boone; D. N. Billingsley against the Northern Assurance company; Edgar Egbert Holt against Louis Bell Holt.

"Trickey Sam" Wanted.

"Trickey Sam," Reed, colored, 28 years old, 5 feet 8 inches tall, 150 lb weight, slim build, high cheek bones and curly and bushy hair. Is wanted at Newburgh, Orange county, N. Y., for murder, a \$300 reward having been offered by the authorities there. Sam is said to wear his hat on the back of his head.

McKane Emured.

The body of George William McKane, who died one week ago at Riverside hospital, will be buried tomorrow afternoon, probably in the Catholic cemetery, if relatives are not heard from. The funeral will be held at the St. Francis de Sales church.

JACK HORNERS ON STREET CORNERS LOOK FOR PLUMS

Successful County Candidates
Have No Peace Night
or Day.

Some Deputies Are Named;
Others Not.

SOME WHO ARE MENTIONED.

Little Jack Horners with their thumbs are bothering the successful for the county offices. They are on street corners constantly nagging the officers-elect for plums as deputies. Some of the successful candidates have announced their deputies, and thus have sought to escape the army of job seekers. The Jack Horners are industrious, and insistent, and some of the candidates feel like fleeing to the country and remaining until January 1.

It is practically certain that Patrolman Charles Clark will be a deputy to George Houser, sheriff-elect. He will attend to the courts and the city work. George Houser, who was a candidate for sheriff and withdrew before the primary, is said to be the office man for the new sheriff. Mr. Houser is a clever man and popular. The deputy sheriff for the county, it is said, has not been selected by Mr. Houser, but the name of Deputy Sheriff Clark Fortson, who also withdrew from the race before the primary, is whispered by his friends. Mr. Houser will remove to the city from his home at Florence Station some time next month.

Henry Houser, county jailer-elect, has announced the appointment of Patrolman Charles Whittemore. The police force was fortunate as several received political plums.

Col. Gus Singleton has announced Herman Katterhorn as his chief deputy, but has remained silent as to his other assistants. Col. Joe Miller, who was re-elected circuit court clerk, will retain his present office force with Mr. Will C. Kidd as chief deputy. It is understood. Also it is said Circuit Judge William Reed will not make any change in his appointments.

The appointments made by the fiscal court are worrying the rank and file of the Democrats. It is said that the majority of the present berths would be vacant; but it is said this would have been done in some cases had the Democrats been successful in controlling the fiscal court.

A desperate fight was made by the Seventh district to elect Bennett over Walton by any means. Pat Hoss, who was a candidate for the nomination, is one of the hardest workers to get Bennett into office. It is said that by reason of Hoss' withdrawing from the race at the eve of the convention and throwing his support to Bennett, he was to receive Bennett's support for road supervisor but as Bennett is out of the running Hoss' chances for the job are slim. Several times he has been a candidate for road supervisor.

Puetzow Is Aground.

Rome, Nov. 16.—The North German Lloyd liner, Puetzow, with the Chinese naval commission aboard, is ashore off Naples and flying distress signals. Tugs were rushed to its aid.

Claims Championship.

San Francisco, Cal., Nov. 16.—Ketchel says he is still champion of light heavyweights, but he is not going to meet Jim Flynn for the title. "Let Tommy Burns come ahead," he said. He thinks he will take an ocean voyage. He is worn and haggard since he broke training following the death of Manager Britt. He says hereafter he will be his own manager.

WATER COLOR PAINTS ALMOST KILL CHILD

Poisoned by eating water color paints, Helen, the 21-month-old daughter of the Rev. and Mrs. M. E. Dodd, 135 North Fifth street, was saved from death yesterday afternoon only by hard work by a physician, who fortunately was called a short time after the child became ill. The little girl rested well last night, although she was sick today from the effects. Mrs. Dodd was painting a landscape picture in her room and the water colors were lying on the floor. Little Helen, who was playing around with her 4-years-old sister, Dorothy, got the paints and began eating them. Mrs. Dodd's back was turned when Dorothy rushed to her mamma's side and told her Helen had the paints. Immediately a physician was called and the child given medicine to counteract the poison.

Will Shorten Coal Production.

Pottsville, Pa., Nov. 15.—Mine inspectors from all parts of the anthracite region, in convention here Saturday, reported that the coal production for the year would be shorted probably half a million tons by reason of the scarcity of water, some mines being suspended and others being on short time because steam cannot be kept up.

There are but two exceptions in the entire region. One is in the twentieth district, which centers about Lykens, where the coal production is 70,000 tons greater than for the same period last year. The second is in the nineteenth district.

In the Pottsville zone, where there has been water thus far, and the coal production is normal.

EXPERT TO AUDIT BOOKS OF CITY

FINANCE COMMITTEE EMPOWERED TO ACT.

Board of Commissioners Become Confused When Two Motions Are Upset Once.

SOLICITOR TO THE RESCUE.

The finance committee was substituted for the mayor by the board of commissioners last night, in adopting the aldermanic resolution empowering the mayor to appoint an expert accountant to audit the city's books.

When Mr. Lally read the aldermanic resolution for the mayor to appoint an expert auditor to audit the books of all the city departments, Mr. Hannan offered an amendment, placing the matter in the hands of the finance committee, instead of the mayor. The amendment passed and by the time opinions had been heard from nearly every councilman, and City Auditor Kirkland had been called on to explain why it was not his duty to audit every department, the council had become so confused that both motions were carried on the amendment and the original motion, leaving the board exactly where it started, without action. City Solicitor Campbell explained that Mr. Hannan's motion should have been offered as a substitute to the original. This was done and carried, Mr. Duval being the only one opposed to it.

Mr. Kirkland said he would be glad to see the books of the city verified. He said auditing agents of the treasurer's bonding company frequently go over the records, but the books of the police department and police court have not been audited for over five years. Mr. Hannan's substitute places the matter in the hands of the finance committee with power to net and to employ some disinterested party from out of the city to audit the books.

Finance.
Accounts amounting to \$2,016.25, were allowed. They consisted of the following: Street department, \$437.90; fire department, \$985.50; police department, \$1,140; light plant, \$135; Oak Grove cemetery, \$60; Riverside hospital, \$118.95; salary \$40; marketmaster, \$37.50; deputy assessor, \$25.

Miscellaneous.
The board tabled the ordinance, introduced by Alderman Potter, offering an amendment to the ordinance, creating the office of city health officer, by a vote of 10 to 2. The amendment gave him power to proceed with full authority in case of epidemics and for the co-operation of the city physician at certain times. Mr. Young made the motion to table the ordinance.

Residents and property owners on Langstaff avenue petitioned the council for the extension of water mains out on that street. This was referred to the water company.

A communication from H. Frank James, residing on Monroe street, asking for relief from over assessment, was referred to the board of supervisors.

A lot in Oak Grove cemetery was

ITCHING SKIN EASILY SOOTHED.

Old and Tried Remedy Convinces Sufferers on First Trial.

That awful, agonizing itch, torturing day and night!—then suddenly the skin calmed, soothed and refreshed.

That is what any eczema sufferer can accomplish in two minutes by the use of the right treatment; just oil of wintergreen, mixed with thymol, glycerine and other healing ingredients in liquid form. While a smeary salve would only close up the pores of the skin, driving the disease germs in still deeper, the medicine in liquid form penetrates the epidermis, kills and washes out the eczema germs and stops the itching instantly.

We recommend this D. D. D. Prescription heartily, and we guarantee that a trial bottle at 25 cents will convince you. R. W. Walker Co., Fifth and Broadway.

NEW SKIN REMEDY STOPS ALL ITCHING.

Skin Troubles of Adults and Infants Quickly Cured.

When it is known that poslam, the new skin discovery, will stop the torturous itching attending eczema with first application and bring immediate relief and comfort to sufferers from all skin troubles, its merit will be appreciated and its wonderful success understood. On the tender skin of chafing infants, poslam may be used with soothing and beneficial effects. It is applied externally, and its remarkable healing powers begin at once.

All skin diseases, including eczema, acne, herpes, rash, tetter, etc., yield immediately to poslam. Occasional applications, in small quantities, will quickly banish pimples, hives, blackheads, blotches, and will relieve and cure itching feet, scaly scalp, humors, etc. A special 50-cent package is prepared for those who use poslam for these minor skin troubles. This, as well as the regular two-dollar jar, is on sale at Gilbert's, R. W. Walker & Co.'s, and other leading drug stores, in Paducah.

An experimental supply of poslam may be obtained free of charge by writing to the Emergency Laboratories, 32 West Twenty-fifth street, New York.

transferred to Mrs. Daisy DeLoach by Mrs. C. O. Church.

The board granted Mrs. Daisy DeLoach a refund of \$5 for part paid on a lot in the cemetery.

Ratification was given the action of Mrs. Ella Van de Male in transferring a lot in Oak Grove cemetery to Mrs. Alfred E. Touks.

On motion of Mr. Bowers, which was recommended by the street committee which met at Oak Grove cemetery last Saturday, City Engineer L. A. Washington was instructed to establish a sidewalk grade on Trimble street from Sixteenth street to Fountain avenue that will conform with the property line on that street.

All members were present as follows: Councilmen Foreman, Hannan, Duval, Van Meter, Young, Lally, Kreutzer, Wathen, Bowers, McCarthy, Wilson, Mayer.

Dry Docks Solved.
Blaming City Solicitor James Campbell, Jr., for advising his clients inasmuch as he was legal advisor of the city, Mr. H. A. Pettor, of the old Paducah Dry Docks company, appeared before the board of councilmen last night and asked for a refund of \$30, or a six months' license he had paid for wharfage along the levee at the foot of Jefferson street, which he claims has been trespassing by Murray & Wathen, who were told to remain by Mr. Campbell, their attorney. After considerable discussion the money was refunded.

Mr. Pettor said he had paid for the wharfage for the old dry docks. The company sold out several months ago and afterwards the Tyler line agreed to pay Mr. Pettor the same amount of license to the steamer Gracie Childers there for repairs. When the boat was undergoing repairs Pettor claims that Murray & Wathen tied a houseboat and several launches to the shore in the wharfage space and refused to get off upon the advice of Mr. Campbell, whom they employed. Mr. Pettor seemed to think the city solicitor was not doing justice to his municipal duties, while Mr. Campbell took the opposite side. The solicitor says Mr. Pettor had no right to sublet the rental and could not collect a cent from Murray & Wathen.

CHANGE MADE

THAT SANITARY OFFICERS MAY LEARN CITY.

Health Officer Sights Transfers Inspectors to Different Districts.

In order that each sanitary officer may familiarize himself with every part of the city, City Health Officer H. P. Sights today switched J. L. Galtier, who has been working on the north side of the city, to the south side. R. D. Burnett, the other officer, was placed on the north side, having been assigned to the south portion of town. This is the first change since the officers have been working and they will be changed from side to side frequently. Both the sanitary officers have been complimented for their excellent service and are in line for an increase in salary, which was suggested to the council by Dr. Sights a few weeks ago.

News of Theatres

Tonight—Henrietta Crossman in "Sham."
Thursday—David Warfield in "The Music Master."
Friday—"A Country Kid," a rural comedy.
Saturday—Black Patti's Troubadours.

Local playgoers are to enjoy some of the brightest and best comedy acting ever seen on the stage when Henrietta Crossman fills her engagement of one performance tonight at the Kentucky theater. This charming comedienne will appear in "Sham," her new play, in which she so thoroughly captured New York during her run of four months at Wallack's theater, and delighted Chicago for many weeks at Power's theater. "Sham" is a bright comedy, dealing with certain phases of New York's smart set.

"The Music Master," David Warfield's most successful vehicle, at the Kentucky Thursday, is a comedy drama in three acts, written by Charles Klein. Mr. Helasco took it in hand, as is his custom with all plays that come under his supervision, and treated it in the usual Helasco manner, which means that it now stands forth as a convincing, dramatic human document, graced here and there with those charming poetic touches, in which the modern stage wizard delights. The story it tells is that of an educated German musician, who, in his native Leipzig, is conductor of a famous orchestra, and a successful composer. He comes home one night after an artistic triumph and finds his wife and baby daughter fled to America. A man who was once his friend, is also missing. He follows to America in search. He spends sixteen barren, hopeless years. He lives in poverty, and plays at night in a sordid dime museum for the pittance it affords, to keep body and soul together. In the midst of sorrow and suffering, he accepts with sweet resignation his pitifully reduced circumstances, and lost musical prestige. Thus a soul of beauty is revealed. The "heart" interest hangs not only on his wistful search for his daughter who is now a grown woman, but on the interesting, picturesque characters that

are met in the by-ways and on the main road. The seat sale opens Wednesday at 10 a. m.

One of this season's comedy successes is H. B. Whittaker's production of "A Country Kid," which will appear at the Kentucky theater Friday night, November 19, for one performance.

The "Black Patti" Musical company comes Saturday. Among the first night "song hits" which will be heard during this engagement, will be "Rag Time Baseball," "All Hall the King," "The Heaving Sun," "In Zululand," "Honey I want You," "In the Bright Moonlight."

Al G. Field, the admitted man, will bring his organization of singers and dancers and comedians to the Kentucky theater, November 22.

Daily Thought.
Kind words are the music of the world.—F. W. Faber.

Sometimes men go after the administration's scalp, but the suffragettes in England even inclined to take the whole hide off the cabinet.

Citizens of Arcadia are to be congratulated for their public spirit in petitioning for a graded school. The virtue is made certain by the desire to tax themselves for the maintenance of the schools.

Judge Caynor, Tammany's candidate for mayor, filed a statement, in which he said he did not spend a cent for his election. Tammany candidates do not usually have to put up for expenses.

In the Bowling Green Messenger Ed Leigh tells of a young woman whose life was saved from a blow on the head by her "wealth of brown hair." What a simple bachelor Ed is. Everybody else knows she was saved by her "hair."

Dr. Ira Landreth, of Nashville, advised his hearers to bring up their boys in town. "Nothing exceeds the immorality of the country," said the Reverend Doctor. It is possible that Dr. Landreth does his own marketing.

Carried away by her own alliterative "ballots" and "bulletins" Rose Pastor Stokes, the well known parlor socialist, tells of untold millions, which the householders and the manufacturers' association are spending to fight socialism. We could think of no better way to fight it, than to hire just such people as Mrs. Stokes to talk about revolution and bullets and the Mexican patriots.

REFORM.
Calvo has suffered a great shock, and had, apparently, a great awakening. Will the result be a better Calvo? After leading citizens think so.

The question arises why is a rude shock, a terrible catastrophe, a soul-stirring tragedy always necessary in order to arouse public sentiment to the point of activity? There are always public men during the condition into the public ear and pointing to the inevitable consequences.

Why is it true that it is always darkest just before the dawn? Why does reform arrive only after conditions become unbearable and usually in the shape of a revolution?

The answer is found in the fact that large and loosely knit bodies move slowly. The work of the reformers shows small results in forcing the public opinion forward. Their efforts must be directed toward concentrating that opinion. The shock comes and public opinion moves, and that is the first visible manifestation of its existence as a unit.

Then it is easier to reason from effect back to cause, than from cause to effect. We have only the word of the prophet that conditions exist, and he can't hold our attention while he argues that certain effects are sure to be produced unless we remove the evil. But when the effect is produced and public attention is concentrated on it, there lacks nothing

in the trail that leads back to the causal evil, and the voices of those, who denounce and contradicted the prophets, are at last hushed. Reform is then inevitable, drastic, permanent.

It is always easier to do right in the first place. It is certain right will be done in the last place.

INSPECT THE BOOKS.

The city finance committee should employ a first class accountant, not connected with the city government, to inspect all the books. There is no suspicion that anyone connected with the city government is short or lax in his methods of keeping books; but the books have not been inspected thoroughly in many years. No one knows who may misappropriate funds in the future. When such a time comes it will be a satisfaction to the present office holders to be able to say the books were all right during their terms, and it may save trouble and money by making it necessary only to go over the books as far back as the present time. Improvement in the methods of keeping accounts may also be suggested, that will save the city money and enable future inspectors of the books to prevent fraud. Certainly, no one could object to an inspection of the books. We suggest Mr. John D. Smith as an excellent choice.

CONTENT.

Capt. J. P. Shipp, of Chattanooga, sheriff of the county, has just entered a federal jail to undergo imprisonment for contempt of the supreme court of the United States, the first penalty of the kind ever inflicted. Captain Shipp failed to protect a prisoner in custody of that court. Captain Shipp is a man of high standing in every way in his community. He had powerful influences, Republican and Democratic, working in his behalf to stave off punishment, and the best legal talent obtainable to represent his cause. For nearly two years he fought the issue, but at last legal resources were exhausted and the inexorable demands of the law were satisfied. If high character or "pull" or influence of any kind could have availed it would not be wanting in Captain Shipp's case.

Yesterday the court of appeals of the District of Columbia refused a stay of execution of the sentence of Samuel Thompson, John Mitchell and Frank Morrison, of the American Federation of Labor, the three most powerful labor leaders in the United States, also convicted of contempt of court. Every dictate of good politics would urge a resort to equivocation in their behalf. Yet, after every legal device is exhausted the law inexorably demands its fulfillment.

We are not arguing the justice of either case. That was well handled by counsel much more familiar with the details than we, and prone to show up every advantage to the defendants. We call attention only to the fact that influence avails nothing; though we hazard the guess that those who declaim most against the law enforcement of the laws, will be first to cry that the law in these instances is unjustly enforced.

People will ask, if these men can be punished, why cannot the malefactors of "predatory wealth" be brought to bar? The answer is, when they violate the law and are prosecuted they can be. So-called "predatory wealth" does not usually violate the criminal code. What we hold up to condemnation for its extortionate methods is usually but a conspicuous specimen of ordinary "good business." Big concerns employ attorneys, vested in the special branch of law pertaining to their affairs, who advise them as to the legal limits of their fields of operation. Thus they are enabled to keep well within the danger line.

It happens in the two cases at bar, that the offenses committed were conventional and not directly affronting popular opinion. Therefore, it seems grievous that such men as Captain Shipp and John Mitchell should have to go to prison. Contempt of public opinion is a much more business offense than contempt of court in our eyes.

THE PUBLIC FORUM.

The Anti-Hallinger Campaign.

Secretary R. Finger has emerged without harm from the so-called Pinchot-Hallinger controversy over water power sites. No doubt he will survive the republican in an article in Collier's Weekly by L. R. Glavis of other stilt charges attacking his official integrity.

Glavis had his day in court when as an officer of the Seattle division of the United States land office he submitted his charges to President Taft. He was promptly dismissed from the government service after the president had publicly pronounced his statement of the facts to be "disingenuous." By having him to report them in its columns Collier's exposes him to the flattering reward of being denounced by Secretary Hallinger as uttering "a tissue falsehood and insinuations utterly unwarranted in view of the facts easily obtained by anybody who wants them."

In the circumstances an attack on Secretary Hallinger's conduct is an attack on President Taft's honesty of purpose. The hasty Roosevelt order reserving millions of acres of the national domain was not only of doubtful legality but actually protected fewer available water-power sites than was done by the subsequent action of the present administration. As for Glavis, he is a discredited witness, and a campaign that is based on his "shreds of suspicion," as President Taft called them, will command little faith.

In spite of the flighty followers of Mr. Roosevelt, the Taft administration has plainly made known its intention to do all that it legally can toward the conservation of the national resources. It has not assumed the rights of omnipotence; it has exposed the ignorance of its critics and treated their charges of corruption with contempt. What it accomplishes will, we hope, be done in orderly fashion, and will not have to be done over again after being found worthless. New York World.

SOME STORIES

AROUND TOWN

Next time L. B. Alexander, principal of the consolidated school at Lone Oak, chooses to make a race for office he will be more particular in gathering up his "dope" for the campaign arguments. Not that he failed to make a good argument, but it was so good that in part his platform was adopted by the county school board, although he was doomed to go down in defeat. At the recent election Mr. Alexander was the republican nominee for county school superintendent, and made a splendid race. In his speeches over the county he attacked the policy of the consolidated school, and showed the expense necessary to conduct the school. One item he explained in the extravagance of the employment of a janitor, who was paid a salary of \$10 a month to keep the building clean. At the time of the appointment of the janitor some of the trustees objected, as the board feared all of the teachers to clean their rooms, and thought it a bad precedent to employ a janitor for the consolidated school. At the last meeting of the board evidently some of the trustees had heard Mr. Alexander's campaign speeches, and the office of janitor of the consolidated school was discontinued, and now the principal of the school is forced to keep the rooms clean as all other teachers are required. Mr. Alexander takes the joke with good grace, but says next time he will watch out for the ill winds.

"Some of the churches in our city certainly need better ventilation," said a well known man today. "Sometimes I hesitate about going to church not because of any fault I find with the doctrine, but because of the fact that the most of the windows are closed tightly. The air is soon stagnant, and all places on earth I hate a steeper. It is in church, I may be considered a crank on ventilation, but I believe many diseases are spread in buildings where fresh air is limited. In practice I carry out my ideas and keep a window open in my office the year around. I think it is worth while, and I believe that if pastors realized that their words would go farther and hit harder if delivered in fresh air, they would see that their congregation get plenty of pure fresh air."

"The season of the year has returned when, in accordance with the reverent custom established by our forefathers, the people of the United States are wont to meet in their usual places of worship on a day of thanksgiving appointed by the civil magistrate to return thanks to God for the great mercies and benefits which they have enjoyed."

"During the past year we have been bignly blest. No great calamities or flood or tempest or epidemic have befallen us. We have lived in quietness, undisturbed by wars or rumors of wars. Peace and the plenty

of bounteous crops and of great industrial production animate a cheerful and resolute people to all the renewed energies of beneficent industry and material and modern progress. It is altogether fitting that we should handily and gratefully acknowledge the divine source of these blessings.

"Therefore, I hereby appoint Thursday, the Twenty-fifth day of November, as a day of general thanksgiving and I call upon the people of that day, laying aside their usual vocations, to repair to their churches and unite in appropriate services of praise and thanks to Almighty God."

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed."

The Gibraltar Club.

Western Kentucky should furnish the nominees for governor next time and the most fitted candidates so far named are of this section, Congressman Dille P. James, Italy Laffoon, Charles K. Wheeler, ex-congressman, H. D. Allen and Judge T. J. Nunn have been mentioned and support for each of them has been gathered. But it is a question with the democracy of the state as to which one is available, and which one can please the most people, as there is no doubt but that any one of them would be an honor to the party as the standard bearer and would make the state a good governor.

While it is early to begin the task of selecting the nominee for the autumn of all interests upon a favorable man, and to effect the development of any undesirable candidates, it is well to be considering the matter. By a process of elimination using the good of the party as a measure, western Kentucky can put out a candidate that will bring Kentucky back into the democratic fold from top to bottom, and among that number from which the leader is to be picked, the "Old Roman" is not the best able to cut the caper. —Madisonville Journal.

A few minutes later the cage was lowered again. The horns tooted frequently, the cage was raised and lowered alternately until the bottom was reached and the anxiety became intense. Fifteen minutes passed, then the horn signalled for the ascent.

In other veins much smoke smoke was encountered and nothing was seen. It was determined to start the ventilating fan at the opposite side of the mine so as to clear the galleries of smoke. The fan whirled half an hour, then was ordered stopped. Smoke began to pour from the main shaft when it should have been drawn down and out through the exhaust. Down again went the searchers, but were soon jerked to the surface to procure fire hose, which was taken into the depths. The water was turned on to extinguish the blaze of which there had been no evidence previously. Twice it was tried to draw the fire, but at 2 o'clock dense smoke poured out and

FORMER MAGISTRATE DIES OF OLD AGE.

Was Native of Trigg County, But Had Lived in McCracken Sixty-Four Years.

Mr. Jesse Stencil Young, 71 years old, one of the best known residents of this county, died yesterday afternoon at 5:45 o'clock at his home, 323 Clark street, of influenza incident to old age. He was born in Trigg county, March 3, 1835, but for the last 64 years had lived in this county. He was a well known tobacco dealer and was also engaged in the mercantile business at Woodville. He served as deputy to Sheriff W. R. Holland for four years. In 1868 Mr. Young was married to Miss Annie Holland. He was for a number of years a magistrate in Paducah. Surviving him are five children: Mrs. G. T. Smith, of this city; Mrs. I. T. Glenn, of Memphis; Thomas H. Young, of Nashville, W.

Most two-thirds of the men leave widows," said McDonald. "Each have from three to five children. I saw one who has none, and under 12. She has not enough ahead to pay for the week's provisions. A month hence the distress of the people will be pitiable. Whatever the public gives should be offered now, so we can plan for these poor people for the winter."

Since Saturday not a saloon has been open, nor no sign or drunkenness.

From Toronto Secretary Morrison telegraphed that the American Federation of Labor had adopted resolutions declaring that the "catastrophe shocked the people of the whole country, especially organized workmen, whose efforts were ever directed toward securing legislation for the protection of life, limb and health, and extending the benevolent family heart-felt sympathy and condolence."

HOPTOWN

TEAM WILL BE MET BY PADUCAH HIGH.

Local Team With Squad of Rooters Will Go to Hopkinsville Friday.

"Down Hopkinsville," is the cry at the High school, and for this feat the High school football squad will put in a week of hard practice. Paducah won easily from Hopkinsville on home grounds several weeks ago, but the Hoptown team has braced, and last Saturday won from the Hoptown High school, 35-0. Also the team held Madisonville High to a tie, although one game was lost on a fumble. Coach Craig is not taking any chances and expects to defeat Hopkinsville next Saturday.

Due to the injury of Endre, right end, the High school team has lost a sure tackler and an excellent player to handle forward passes. Five players are working hard for the place Gardner, Mitchell, Kirkland, Elman and Smith. Endre was one of the stars, but it is thought that Gardner may play end as he has shown ability. The team accompanied by a squad of rooters will leave Paducah after noon and spend the night in Hopkinsville. The team will return to Paducah Sunday.

Much interest is being manifested in Hopkinsville as the New Era says: "The attention of football players all over town is now turned to the Paducah game Saturday. The team will be coached this week especially in open work and will surely be in great form when the day comes. The biggest crowd of the season will be out and the student body of the school will turn out en masse to see the game that practically decides the championship race between the High schools of western Kentucky."

With the exception of Endre, all of the players came out of the game Saturday with few bruises. Ogilvie had a bad knee but it will not keep him out of the game. The High school players wanted to win Saturday, and were embarrassed, but owing to the overweight, made a remarkable showing. High school may challenge the C. C. and W. for a post-season game.

Thanksgiving Game.
Last night the Chess, Checker and Football club held a meeting of the football squad and decided to play the Paducah Athletic club Turkey day. For several days the game has been in doubt. Several of the Chess players wanted to attend other games, but now the game is assured.

Reverend, the C. C. and W. full back will be out of the game, but regular practice will be held, and a good game is promised next week. Both teams will not be as strong as last season.

Book Shower for the Elks.
The Elks will entertain at the club house on Friday evening with an old-fashioned book shower. Recently the handsome home was remodeled, and the library was enlarged. Already a number of standard works have been purchased, and at the book shower every member will bring a book to add to the collection. Refreshments will be served and a pleasant evening is anticipated.

IN SOCIAL CIRCLES

Lunch Party.

Mr. W. T. Goodman entertained with a lunch party Sunday afternoon in his gasoline launch. An enjoyable afternoon was spent. After they had gone about ten miles the cream and cake were served on the boat. Those present were: Misses Beatrice Goodman, Nettie Edwards, Elizabeth Starrett, Sorella Barnett, Katie Sayre, Elsie Cochran, Isabel Schuck, Henrietta Schuck, Portia Glynn, Marceline Grimm, Ruth Gilbert, Messrs. Johnnie Granger, Frank Granger, James Granger, Edmund Goodman, Percy Mitchell, Walter Davis, Ernest Starrett, Corbett Lofton, Harry Cochran, Forest Crutchfield, Nelson Miller, Harvey Cochran, Orville Barnett, W. T. Goodman.

Birthday Party.

Mr. and Mrs. T. M. Edwards entertained with a birthday party Friday evening at their home, on Ashbrook avenue, in honor of their daughter, Nettie, fifteenth birthday. Music and games were the features of the evening. While the happy party of young people were enjoying themselves Mr. W. T. Goodman, a photographer, made a flashlight picture. Delightful refreshments were served. Those present were: Misses Elizabeth Starrett, Beatrice Goodman, Ruby McCall, Julia Dugan, Ruth Shewell, Ora Woods, Sorella Barnett, Elsie Cochran, Portia Glynn, Marceline Grimm, Katie Thieleman, Edna Edwards, Messrs. Ernest Starrett, Alvin Payne, Frank Elch, Kay Woods, Willie Thieleman, Milton Woods, Rudy Jones, Russell Jones, Roy Woods, Luther Franklin, Mr. W. T. Goodman, Mrs. Rosa Woods, Mrs. M. M. Edwards, Mrs. Helen Franklin, Miss Vane Green.

Former Paducah Boy Married.

News has been received here of the marriage of Miss Neale Anderson and Mr. William H. Melikin in Memphis several days ago. The groom formerly resided in Paducah, and is a nephew of Mrs. Wes Orr, of South Third street. He is a clerk in a railroad freight office, and a popular young man.

Shower for Miss Coleman.

Miss May Tiven was the hostess at a charmingly planned linen shower this afternoon at her home on Jefferson street, complimentary to Miss Della Coleman, a bride of November 24. It was an attractively informal affair with the guests limited to a very few of the special friends of Miss Coleman.

The presentation of the linen gifts was featured in a pretty and novel way. A small express wagon artistically decorated with noisettes, chrysanthemums and tugged with white hearts was drawn into the parlor by little Miss Anne Webb Phillips and Dorothy Tully. Little Miss Elizabeth Quick acted as the driver. A pretty suit case in the wagon was delivered to the bride-elect, who opened it and found it full of dainty linen conveniences, the handwork of loving girl friends.

An attractive course-luncheon was served during the afternoon. The home was effectively decorated with palms, ferns and white chrysanthemums.

Williams-Nelson.

Miss Inez Williams, of Hannan, and County Probation Officer Jack Nelson were married by the Rev. C. C. McCaw, of the Christian church, at the home of Mr. Ed. Marshall, at Keok, Sunday afternoon. The wedding was a surprise to the friends of the couple. They will make Paducah their home, and will be at home to their friends after Wednesday at 2409 Jefferson street.

Former Paducah Man of Mark.

A recent number of the National Geographic magazine, published at Washington, D. C., has a splendid feature article entitled "The Coastal Work in Baltimore," by Calvin W. Hendrick, chief engineer sewerage commission of the city of Baltimore. Mr. Hendrick is a Paducah boy and has a host of relatives and friends here who are interested in the great work he is doing as a sanitation expert. The article is terse and to the point written by a Man Who Does Things, and gives some startling information in regard to the venereal that Baltimoreans were sleeping over, as great as that of ancient Pompeii, only in this case it would have been an epidemic.

There are six illustrations accompanying the article, one of which shows Mr. Hendrick taking the sewerage commission, the governor of Maryland and a party of financiers on a tour of inspection through the outfall sewer.

Mr. Hendrick has recently returned from a trip to Panama, and the Baltimore papers contained most interesting accounts of his view of the great work being done there, as the reclamation of a gigantic task that will immortalize the nation. He was much impressed with what he saw in Panama, especially the system of good roads being constructed by the commission and the work of the Y. M. C. A. and praised the work of the French engineers on the isthmus.

The members of the Honorable Commercial Commission of Japan have recently been feted in Baltimore. They were especially interested in the wonderful sewerage system that is being installed there under the direction of Mr. Hendrick. After inspecting the plant, they went to the office of the sewerage commission, and had the maps, photographs and models explained by Chief Engineer Hendrick, one of the members

made notes of all he said. A snap shot of Mr. Hendrick and the chairman of the sewerage commission with the distinguished Japanese visitors was made by one of the papers.

Beautiful Anniversary Reception.
The Woman's club celebrated the fourth year of the organization with a beautifully appointed reception yesterday afternoon from 3:30 to 5:30 o'clock. The club house has never looked more home-like and attractive, with its flowers, shaded lights, beautifully gowned women, and soft music, in marked contrast to the cheerlessness and rain without.

The club colors, green, gold and white were carried out in the decorations of the rooms and in the appointments of the delicious refreshments. In the library a charmingly appointed tea table extended a cheery welcome. Miss Elizabeth Nash poured the tea. Salted nuts and wafers were served here.

The dining room was beautiful in its effective decoration. The three tables were veiled in covers of Chrysanthemum, artistic green pottery or copper vase of gorgeous Japanese chrysanthemum in yellow or white was in the center of each table. Cut glass computes on each table held the candles and lights. Delicious ice cream in eck kisses were served here. In the auditorium Deal's orchestra was stationed and played throughout the afternoon.

Receiving in the reception hall were Mrs. Muscoe Burnett, Mrs. Arch Sutherland, Mrs. J. C. Flournoy, Mrs. I. D. Wilcox, Mrs. F. M. Fisher, Mrs. George Langstaff, Jr. In the upper hall were Mrs. I. O. Walker and Mrs. L. V. Armentrout.

In the auditorium Mrs. James A. Tully, the club's president since the organization of the club, received assisted by Miss Adine Morton, Mrs. Victor Vols, Mrs. H. S. Wells, Miss Helen Lowry, Miss Susan Morton, Mrs. A. H. Meyers, Mrs. P. E. Reedhead, Mrs. Will Bradshaw, Jr.

In the library were Miss Elizabeth Nash, Mrs. John G. Miller, Mrs. John K. Hendrick, Mrs. W. A. Gardner, Mrs. George C. Wallace, Mrs. Mary Watson.

In the dining room Mrs. Charles Kiser, Mrs. James P. Smith, Miss McCall, Miss Sadie Paxton, Mrs. Charles Sherrill, Miss Samant and Mrs. Henry Tully dispensed the hospitality.

Church Reception Wednesday Evening.

The societies of the Broadway Methodist church will entertain the members of the church, visitors and friends on Wednesday evening from 8:30 until 10:30 o'clock in the lecture parlors of the church, in farrow hall. The Rev. J. W. Blackard will read a paper on "The Church and the World." It will be a delightful social affair with refreshments and music. No invitations have been issued and all the members of the church are expected to be present, also strangers and visitors of the church. The ministers of the city and their wives are cordially invited to attend the reception.

The Delphi Club This Morning.

The Delphi club met in the Delphi room, at the Carnegie library, this morning at 10 o'clock. The program was delightfully presented as follows:

Henry H. Eleanor of Aquitaine the "Fair Rosebud"—Mrs. Lillard Sanders.
Conquest of Ireland. Her Mourning Story—Mrs. R. G. Terrell.
Church and State. Thomas-a-Becet—Mrs. George T. Wallace.
Reading, "Thomas-a-Becet," Tenneyson—Mrs. A. R. Meyers.

Mrs. Terrell's paper was read by Mrs. Elizabeth Austin, in the absence of Mrs. Terrell.

Bride's Afternoon for Miss Coleman.
The Sewing Bee was delightfully entertained at Bridge on Monday afternoon by Mrs. Andrew Campbell at her apartments in The Colonial. It was an attractively planned affair in honor of Miss Della Coleman, a bride of the coming week.

Miss Faith Langstaff made the highest score in the Bridge game and graciously presented the prize to Miss Coleman. Beautiful bunches of violets were given to Miss Coleman and Miss Gregory as souvenirs by the hostess.

A charmingly appointed two-course luncheon was served after the game. The guest list was limited to the members of the Sewing Bee and several of Miss Coleman's most intimate friends.

Judge Walter Evans and Hon. George Darrell returned to Louisville this morning after holding court in this city.

Mr. T. J. Moore left this morning on a business trip to Princeton and Hopkinsville.

Mrs. Pendol Burnett returned from a short trip to Mayfield this morning. Mr. and Mrs. W. E. Kelley, 1047 Monroe street, have returned from Louisville, Cincinnati and Indianapolis.

Mr. W. W. Phillips, of Howling Green, has arrived to take charge of the local office of the International Correspondence schools.

S.S.S. PURELY VEGETABLE

The safest medicines are those which leave the system in the best condition after their use. This is one of the principal virtues we claim for S.S.S. Being made entirely of roots, herbs and barks, it is not in even the smallest degree harmful to any system, but on the other hand its vegetable ingredients make it one of the finest of tonics to build up the health in every way. A great many blood medicines contain strong mineral ingredients which unfavorably affect the bowels, stomach or digestive system, and any blood-purifying effect they might have is therefore offset by their injurious action on the general health. S.S.S. is the one safe and sure blood purifier. It goes into the circulation and rids the blood of every impurity or pollution. It strengthens the circulation and adds nourishing properties to the blood and greatly assists in the cure of any blood disease. S.S.S. cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison and all like diseases, because it purifies the circulation. S.S.S. may be taken by young or old with absolute safety, and with the assurance that it will cure all diseases and disorders due to an impure or poisoned blood supply, even reaching down and removing hereditary taints. Back on the blood and any medical advice free to all who write.

A Promise to Pay

Would you accept a stranger's note? No. Then why accept from a stranger any other promise to pay? A Fire Insurance policy is such a promise. Ought you to accept it without knowing all about the Company? Your usual business confidence is based on knowledge. Why make an exception in that part of your business which deals with insurance? A name is worth nothing on any kind of a promise to pay unless it is backed by character and resources.

We favor insurance knowledge, particularly about our companies. They promise to pay have never gone to protest. Their obligations are backed with such a good reputation and such ample financial resources that the more you know about them the more you will want protection by their policies.

ASK YOUR NEIGHBORS

And you will generally find that they know of more good, intelligent people, those of good sense and discernment in your vicinity who have been cured by Dr. Pierce's World-famed Family Medicines than by all other proprietary medicines. They have been making these cures right along for over forty years and altogether likely you will easily find people all about you who will be only too glad to say a good word for them. These old reliable curatives are not exploited or urged upon the afflicted by extravagant and false promises but have a record of real, genuine cures to sustain them.

Among women Dr. Pierce's Favorite Prescription is truly a favorite by reason of its remarkable cures which, for over forty years by far exceed those which can be credited to any medicine extant. By a little inquiry you will no doubt find some of these cured and grateful cases in your immediate neighborhood, for they are to be met with practically EVERYWHERE. They are Dr. Pierce's best advertisements. Seek their advice if you are a poor despondent overburdened broken down, weak, or pain-wracked woman, suffering from some derangement or weakness incident to your sex.

The People's Common Sense Medical Adviser in plain English, by R. V. Pierce, M. D., (new fully revised up-to-date edition) gives all particulars which women need to know about their peculiar functions and how to correct ordinary derangements and weaknesses. Cloth-bound volume of 1000 pages, 31 one-cent stamps, or in paper covers for 21 cents, post-paid. Why not send for it NOW? The New Edition is almost a household necessity. Pleasant to Take

Young people have a proverbial disregard for extra wraps or rubbers, hence many of them have a cough most of the time. This isn't right. Because the superabundant vitality of youth will throw off diseases which would kill older people, is no reason that coughs and colds among children should be neglected. The boy or girl who contracts a cough needs

Cherry Juice Cough Syrup

and should be given without delay. This medicine is pleasant to take and is guaranteed to break up at once and ultimately cure the most stubborn cough. Mothers cure us grateful letters, telling of the wonderful properties of this Syrup. It is a splendid medicine—soothing and healing to young and old. Try it! Large bottles only 50c.

Mrs. Lonie Hite, 428 Outten St., Danville, Ill., writes, October 1st: "Foley's Kidney Pills started me on the road to health. I was treated by four doctors and took other kidney remedies but grew worse, and was unable to do my housework, and the doctor told me I could only live from two to six months. I am now so much better that I did all of my own work, and I shall be very glad to tell any one afflicted with kidney or bladder trouble the good results I received from taking Foley's Kidney pills." Commence today and be well. Do not risk having Bright's Disease or Diabetes, Gilbert's drug store.

Will Instruct Farmers.

Jackson, Tenn., Nov. 15.—Prof. Morgan, director of the West Tennessee experiment station, arrived in the city yesterday from Knoxville. Prof. Morgan stated that it was his intention to give a short term educational session in agriculture this winter, and he hopes to have the farmers from all parts of West Tennessee present. The session open on December 15, and continues for ten days, ending December 23. Prof. Morgan is very optimistic over the results of the meeting, and believes there will be much to learn from a winter inspection of the conduct of the experiment station.

The soothing spray of Ely's Liquid Cream Balm, used in an atomizer, is an unspokeable relief to sufferers from Catarrh. Some of them describe it as a Godsend, and no wonder. The thick, foul discharges are dislodged and the patient breathes freely, perhaps for the first time in weeks. Liquid Cream Balm contains all the healing, purifying elements of the solid form, and it never fails to satisfy. Sold by all druggists for 5c, including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.

"No Wedding Bells for Him."

A prominent rabbi of Pittsburgh met recently at a dinner a priest whom he had known intimately years before. During the meal the conversation took a bantering turn, and the rabbi, turning to the priest, inquired: "My friend, when are you going to begin eating pork?" "Instantly the rabbi replied, 'At your wedding, sir.'"—Success Magazine.

If you desire a clear complexion take Foley's Ointment for constipation and liver trouble as it will stimulate these organs and thoroughly cleanse your system, which is what everyone needs in order to feel well. Gilbert's drug store.

IS READJUSTMENT
COMING DUE?

CASH WHEAT TOO HIGH OR DE-
FERRED DELIVERIES LOW.

Colossal Aggregate Open Account in
Corn and Expanding Popular
Interest in Provisions.

FARMERS' SALES ARE LIGHTER

Chicago, Nov. 16.—Spot and near-
by deliveries of wheat are too high
or the deferred deliveries are too low.
December wheat closed last week at
2½¢ higher than a year ago; May
delivery closed 3¢ lower than a year
ago. The market at this time last
year was going through a crucial
period, and the believer in high
prices later established the validity
of his claim. By this time last year,
however, the foundation of the later
and higher market had been already
laid in the sale of a very large quan-
tity of wheat and flour as wheat for
export.

This year it is not claimed that our
available surplus supply has or is
likely to be sold for export, but that
the farmer is rich enough to keep it.
A year ago there was a depleted re-
serve to replenish, both in wheat and
flour, but there is this year a 60,000-
100,000 bushel larger crop to draw upon.
If the farmer is as much disposed as
he is able to hold his surplus all will
be well with him perhaps until the
next crop begins to cast its shadow.
After that may come the headache
following the intoxication of con-
dences that the farmers and most
speculators now feel.

Influences Home Market.

The action of the market during
the last week shows pretty clearly
that the producer can speedily exert
an important influence on domestic
values of grain. It shows with equal
plainness that the United States does
not dominate the wheat situation of
the world at the moment. The big
buyers ahead can get all the spring
wheat they want from Canada at a
big discount from our prices; Russia
continues to ship and to sell on a
large scale, and Argentina and Aus-
tralia have already begun to sell ex-
tensively of the new crops now near-
ly harvested. European markets have
not in the last week followed the stiff-
ness shown at times in the American
markets. Local speculators, however,
have been quick to take advantage of
the higher arrivals at terminals
which had followed the previous less-
ened sales by producers. The latter
have been selling wheat a little more
freely on the higher prices which the
speculator brought about.

Shorts in both December and May
wheat have at times helped the mar-
ket along. Both classes of shorts
frightened at the insecurity of their
position. With but three weeks re-
maining to the close of lake naviga-
tion, the December shorts did not con-
template with much equanimity the
heavy sales at increasing premiums
that Duluth was making to eastern
mills. Duluth last week shipped 4,500,000 bushels and received 2,585,000 bushels. Mills there were doing little. Last week's net advances were 2½¢ for December, 1½¢ scant for May and 5¢ scant for July.

Corn Trade Is Large.

Widening interest is seen in corn.
Miscellaneous investors are buying
corn on every week spot, because
they believe in it. Leading shorts sell
more in the attempt to repress the
indisputably upward tendency that
the market has shown all week with
the exception of an hour following
the government November report on
Monday. Short selling of December
has narrowed down to small propor-
tions, while that in May has increased.
Unsettled and mild weather has natu-
rally interfered with the promise
of the December shorts, as it has de-
layed the prospect for the delivery of
new corn. It has been found that
corn that is contiguous to Chicago
and at all likely to come here is not
being cribbed very successfully, and
that it has not been handled with in-
variably satisfactory results when it
has been shipped to market. Corn
from the more southern areas has
brought better than Chicago delivery.

IF YOU NEED A MEDICINE,
YOU SHOULD HAVE THE BEST.

Although there are hundreds of
preparations advertised, there is
only one that really stands out pre-
minent as a remedy for diseases of
the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands
the highest, for the reason that it has
proved to be just the remedy needed
in thousands upon thousands of even
the most distressing cases.

Swamp-Root makes friends quick-
ly because its mild and immediate
effect is soon realized. It is a gentle,
healing vegetable compound—a phy-
sician's prescription for a specific
disease.

Swamp-Root is not recommended

Despite the wet weather the De-
cember shorts generally believe that
it will be no trouble to get enough
corn here to satisfy all contracts, al-
though kiln-drying may be a contin-
gency in case of persistent wet
weather. The longs believe that the
merchandising value of kiln-dried
corn promises to be high enough to
make its delivery on December con-
tracts a very expensive proposition.

December corn advanced 1½¢ to 1½¢
net last week, while May gained ½¢
and July ¾¢. Last week's receipts
of corn at Chicago were 433,000
bushels more than the shipments out.
The government's preliminary esti-
mate shows a corn crop of 2,767,000,000 bushels, or 38,000,000
bushels less than a year ago and
160,000,000 bushels below the largest
ever raised.

Primary Receipts Still Large.

Although week before last's re-
ceipts at primary markets showed a
very decided falling off as compared
with those of the previous week, they
were, nevertheless, larger than a
year ago. The increase was about
1,250,000 bushels, which marked an
increase for the last four weeks of
more than 11,000,000 bushels as
compared with the corresponding pe-
riod last year. There were claims
from various directions that the ad-
vancing prices last week have stimu-
lated a little more selling by farmers.
Minneapolis claims that the previous
day's purchases of wheat to arrive
had been the largest of any day of
the crop year. Kansas City laid claim
to large supplies of grain on track,
and claimed that in addition to more
than 3,000,000 bushels in public ele-
vators there were fully 1,000,000
bushels in millers' warehouses, and
about 500,000 bushels in cars on
track.

It was snowing generally through-
out the northwest Saturday, and
down through northern and western
Nebraska, as well as through the
Rocky Mountain region, and in the
Pan Handle of Texas.

It is expected that northwestern
receipts will increase later, following
the closing up of field operations for
the year by the farmers of that sec-
tion. There were heavy rains Friday
and Friday night through Kansas and
Missouri, where it was raining Sat-
urday.

Slight Advance in Corn.

Corn made a slight net advance for
the day but the effect of rough
weather over most of the corn belt
was offset largely by the weakness
of wheat and the disappearance of
the demand for old corn for ship-
ment. Prices of old corn in the sam-
ple market declined ½¢ to 1¢, while
the new held steady. Receipts here
were larger than anticipated, at 250
cars; estimates on Monday's inspec-
tion are 186 cars. There was active
trade, with a number of the larger
local speculators buying vigorously.
Comstock, Cullen, Howe, Armour
and Knight-McDonough bought May,
the latter two houses also buying
more or less December. Pringle and
Goshart, for the local speculators,
were the largest sellers.

Primary market receipts last week
showed a slight falling off, compared
with those of the previous week, and
the total of 2,264,000 bushels com-
pared with 1,810,000 bushels a year
ago. Shipping sales here were lim-
ited at 85,000 bushels.

Closing prices showed gains for the
day of about 1¢ for December and
¾¢ for May, while July closed un-
changed.

Oats Close n Shade Easier.

Oats were slow and rather uninter-
esting, closing a shade lower.
Speculators were rather disposed to
extend open risks at the close of the
week, and there was no large public
interest displayed through the orders
executed by commission houses. Pri-
mary market receipts showed a de-
cided falling off last week, as com-
pared with those of the previous
week, but the total was still ma-
terially ahead of that of a year ago.
The receipts last week at primary
centers were 3,225,000 bushels, as
against 4,134,000 bushels the pre-
vious week and 2,282,000 bushels the
corresponding week last year.

Cash oats in the sample market
were steady to ½¢ higher, but the
shipping trade was rather limited.
Sales were 145,000 bushels. Receipts
were 168 cars; estimates on Mon-
day's report, 117 cars. Final prices
showed a decline for the day of ½¢
for December, ¾¢ for May and no
change for July.

LABOR LEADERS
REFUSED STAY

COURT OF APPEALS DENIES THE
PLEA OF GOMPERS.

Gompers Got Message and Bent It to
Convention of Labor Federation
at Toronto—May Not

REMAIN TILL MEETING ENDS

Toronto, Nov. 16.—As the conven-
tion of the American Federation of
Labor was about to adjourn for the
day a telegram from Washington an-
nounced that the stay asked for by
the attorneys for Gompers, Mitchell
and Morrison in the contempt pro-
ceedings, was denied by the court of
appeals of the District of Columbia.
Gompers, who was plainly sur-
prised, read the message to the con-
vention.

"That means that the sources of
the lawyers are exhausted, does it
not?" asked one of the delegates.

"The chair is not in a position to
state," replied Gompers. And then
he read the message stating that the
mandate goes down Saturday
morning the faces of himself and his
fellow officers betrayed their anxiety.

The three defendants at once tele-
graphed their counsel at Washington
asking when it was necessary for
them to appear in order to avoid for-
feiting their bail bonds of \$10,000,
stating that they would like to re-
main in Toronto until the close of
the convention Saturday.

"I am not certain whether under
the law we can appeal," said Gom-
pers, "if we do go the convention
must carry on its proceedings in a
dignified manner?"

"We will charter a train and all go
with us," volunteered one of the
delegates. "And even the seeders
will join you," added President Held,
of the seceding faction of the electri-
cal workers.

The suggestion that the convention
adjourn to Washington in event of
the departure of Gompers, Mitchell
and Morrison, was taken seriously by
many of the delegates. Pending the
receipt of a reply from Washington,
The executive council held a long
session last night.

Many delegates expressed disap-
proval of the plan suggested by the
Philadelphia unions that a two weeks'
general strike be ordered as a pro-
test.

Kentucky Farmer Sued on Alleged
Contract to Secure Evidence.

Louisville, Nov. 16.—A Kentucky
night rider case has reached the
courts in New Albany. Sanford L.
Hall, of Kentucky, has filed in the
circuit court a suit against Alfred L.
Carden, a former prominent Ken-
tucky tobacco grower who is now a
resident of New Albany, for \$420 al-
leged to be due on a contract. Hall
alleges in his complaint that Carden
employed him to secure the names of
persons who banded together as a
band of night riders in Lyon county,
Ky., unmasked him, burned his barns
and destroyed his property, for which

he agreed to pay \$500. He avers
that he secured the names which he
reported to Carden and received from
him \$80, leaving an unpaid balance
of \$120.

You Can Safely Eat One If You Take Two M-O-n-a Tablets Afterward—
W. J. Gilbert Guarantees Them.

It is really a pitiful sight to see so many thousands of people worrying about what they can eat and what they can't eat.

Dispeptics, they call themselves, but they stretch the imagination when they do it.

All these people need to make their stomachs healthy, cheerful and of sound appetite is a box of M-O-n-a tablets.

The stomach of a dyspeptic is overworked and run down. It needs help to digest the food, but more than that it needs a prescription that will cleanse, invigorate, strengthen and put elasticity into the stomach walls.

M-O-n-a is the prescription that will do this and do it so promptly that you'll wonder why you didn't try it before.

It stops belching of gas and distress after eating in five minutes. It is undoubtedly the greatest stomach tonic ever given to the public by a specialist in stomach diseases.

Loading druggists everywhere sell M-O-n-a. W. J. Gilbert sells it in Paducah for 50 cents a large box on the money-back plan. Test samples free from M-O-n-a, Buffalo, N. Y.

MAGNITUDE OF
SUGAR INQUIRY

CASE WILL BANK WITH INSURANCE UPHEAVAL.

Air of Uncertainty Seems to Engulf the Proceedings—Rumors of Receding.

"MEN HIGHER UP" ARE HEARD.

New York, Nov. 16.—The air of uncertainty surrounding the sugar fraud cases is interpreted by those who have followed the progress of the corporation investigation to forebode an inquiry which may rank with the insurance upheaval in 1905. It was reported that the government will probably attempt to obtain back dates due on sugar at Boston and Philadelphia. The investigation in New York is accompanied by rumors of reaching "men higher up," Henry L. Stimson, the government's special attorney, declined to discuss the matter.

Collector Loeb is reticent, but repeated that it was through the determination of Roosevelt that the prosecution was undertaken.

When denial came from Washington today by James H. Reynolds, former assistant secretary of the treasury, that he opposed the investigation while in office Richard Parr, through whose statements Reynolds' action and motives were placed open to criticism, announced that he had been misquoted and misunderstood. Parr, who is still engaged at the customs house, issued the following:

"In regard to the statement that Reynolds ordered Special Agent Parr to Cuba, then to San Francisco, for the purpose of preventing Parr from pursuing the sugar investigation further, Parr stated that there was no such order, and he did not charge that Reynolds ordered him to Cuba or San Francisco for any improper purpose, and that the reporters misunderstood his statement. The trip to San Francisco was ordered by Reynolds at the request of District Attorney Stimson, who feared that Parr's health was being undermined by the strain of the investigation."

As to other statements he had made about the short-comings of the investigation, Parr said he would produce evidence in support thereof at the proper time.

Reynolds, in his denial from Washington said, concerning the more or less general implication that the office of the secretary in charge of the customs was somehow in league with, or under the influence of, the sugar trust: "I can only assert most positively that in the four years and a half of my tenure of office, I saw no indication that a trust attempted to exercise such influence. No approaches were ever made to me by any of its officials or agents, and I performed my duties with none but the most common knowledge of the existence of such an organization."

One of the few outward developments in the situation in New York today was the transfer of one of the most important cases set for trial from the federal jurisdiction of Brooklyn to Manhattan. Accordingly James F. Henderson, former general superintendent of the American Sugar Refining company in Williamsburg, will plead tomorrow in the federal court of Manhattan. His trial with others included in the blanket indictment, will begin on the 29th.

Henderson is charged with defrauding the government by false weights.

Declines in stocks of the American Sugar Refining company were recorded today as the investigation proceeded. This company recently paid the government more than \$2,000,000 recompense for short weights and later settled out of court a civil suit brought by the Pennsylvania Sugar Refining company, a rival which it put out of business.

High School Will Have Candidate for Scholarship Honors in Mathematics.

How to Reduce Fat Without
Drugs, Diet or Exercise

After the summer is past and there are no more hot stuffy days, this is the time when fat people should be thinking about reducing their weight and should stop making the fat that is such a burden to them. The best way and the easiest way is the one which does not hurt the body and does not require any special diet or exercise. This is the Marmola way. The famous Marmola Prescription has been prepared in tablet form. These little tablets contain nothing but the elements that go to change the fat which does not produce fat into good, strong blood, nerves, tissues and bone. More than this, these tablets absorb and remove the fat remaining at the rate of from 12 to 15 ounces per day. You must not confuse Marmola Tablets with harmful potent drugs and harmful reducing methods. These tablets go into your stomach just like the food you eat. They build up the juices of the digestive organs and correct those juices so that they produce no more fat. They are harmless, yet thousands of men and women all over this land today are of firm figures and normal size because of these little tablets. This is why every druggist everywhere carries them in stock and will sell them to you. If you are a man, you would rather pay 75 cts. the price of a can, to the Marmola Company, than to the druggist, they will send them to you at once in a plain package, postage paid.

devote much attention to the study and recitation in reading, writing, arithmetic and spelling. Today special examinations were held in the seventh and eighth grades in spelling, covering all of the words studied since the opening of school.

Tomorrow Superintendent Carney will send a list containing 100 selected words. Professor Carney said he believed spelling one of the most important studies taught in the grades, and as many children drop out of school at the completion of the eighth grade, it is deemed wise to have them well prepared in spelling, reading, writing and arithmetic. The examinations will occur frequently throughout the year.

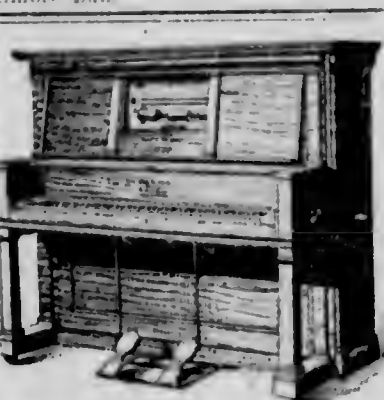

H. S. Candidate.

High school will have a candidate for a scholarship at the conference of the faculty of the Chicago University and the co-operative schools next Friday and Saturday. Edward Gibson, who is an A. S. senior, will take the examination in mathematics as a representative of the Paducah school. The conference is held every year, and students for all of the co-operative schools compete in the examinations. The student securing the highest per cent in each subject is awarded a scholarship valued at \$120. Mr. Gibson, who is a bright member of the class, will leave Thursday night for Chicago to take the examination.

Prof. W. H. Sugg, principal of the High school, has been extended an invitation to attend the conference, but his duties may prevent his attending.

Suits Filed in Circuit Court.
W. L. Nance filed suit for divorce from Betty Nance alleging abandonment. The couple was married December 1st, 1873, and separated June 7, 1889, having lived 26 years together. He says he waited 10 years for her to return before bringing suit.

SHERIFF SHIPP
GOES TO PRISON

FOR CONTEMPT OF THE U. S. SUPREME COURT.

Lynching of a Negro Was Scene From Which Whole Proceedings Spring—Pending Long Time.

THE SENTENCE WAS LIGHT.

Washington, Nov. 16.—For the first time in American history six are in prison for contempt of the supreme court of the United States.

For the first time, too, the federal government has imprisoned men as the outcome of lynching a negro.

Captain Joseph E. Shipp, former sheriff of Chattanooga, Tenn.; Jeremiah Gibson, his father; Luther Williams, Nick Nolan, Henry Padgett and William Mayes, of Chattanooga, began terms imposed by the supreme court.

Shipp and Gibson were convicted of failing to protect from a mob Ed Johnson, a negro, whose legal execution for rape had been stayed by the supreme court until it could review the case. The others were found guilty of participation in the lynching of a federal prisoner, Shipp, Williams and Nolan were sentenced to 90 days each and Gibson, Padgett and Mayes to 60 days.

As the doors of the government jail swung open to receive the prisoners, Warden McKee stood before them. "At least we are in the hands of a soldier," exclaimed Shipp, who has been in many a fight for the confederacy, as he copied the Grand Army button on the lapel of McKee's coat. A year ago, during the imprisonment of many women, the warden fitted a large room on the fourth floor for the women, and in this he locked the prisoners. A bath room adjoining will be for the exotics exclusively. Four large windows give views, Shipp said: "We are delighted with our quarters."

The steamer S. S. Brown, it is said, has been chartered by M. P. Noll, president of the Monongahela and Ohio River Packet company to make a trip to the Mardi Gras festivities at New Orleans.

"I don't like that house you sold me," said the man who had just bought a suburban home.
"Why not?" asked the agent.
"Why, there's water in the cellar."
"Good gracious man! Don't you want to take a bath occasionally?"
